THE FOLLOWING
VALUABLE MEDICINES.
Infallible Ague and Fever Drops.
A long eulogium on the virtues of this medicine is unnecessary, as the money will be returned if patient is not relieved—it never having failed in many thousand cases; not one in a hundred has had occasion to take more than a bottle, and numbers not half a bottle.
Hahn's Anti-bilious Pills.
Dr. HAHN's
TRUE AND GENUINE
German Corn Plaister.
An infallible remedy for corns, speedily removing them root and branch, without giving pain.
The Genuine Persian Lotion.
So celebrated among the fashionable throughout Europe, as an invaluable cosmetic, perfectly innocent and safe, free from corrosive and repellant minerals (the basis of other lotions) and of unparaleiled efficacy in preventing and removing cutaneous blemishes of the face and skin of every kind, particularly, freckles, pimples, pits after small pox, inflammatory redness, scurfs, tetters, ring worms, sun burns, prickly heat, premature wrinkles, &c. The Persian Lotion operates mildly, without impeding that natural, insensible perspiration, which is essential to health—yet its effects are speedy and permanent, rendering the skin delicately soft and smooth, improving the complexion and restoring the bloom of youth; never failing to render an ordinary countenance beautiful, and a handsome one more so.
Sovereign Ointment for the Itch,
Warranted an infallible and immediate cure, at once using; being the most speedy, effectual and pleasant remedy ever offered to the public, and for the satisfaction of the timorous, the proprietor maketh oath, that this ointment does not contain a single particle of mercury or any other pernicious ingredient in its composition, and may be used with the most perfect safety by pregnant women and on infants newly born.
Patent Indian Vegetable Specific,
For the cure of Venereal Complaints of every description.
An extensive trial of near four years, has proved the vegetable specific to be effectual in expelling the veneral virus, however deeply rooted in the constitution, and has restored health to many who have been brought to the verge of the grave by the improper administration of mercury. Within this period upwards of eight thousand patients have experienced its salutary effects.
With the medicine is given a description of the symptoms which obtain in every stage of the disease, with copious directions for their treatment, so as to accomplish a perfect cure in the shortest time and with the least inconvenience possible.
HAMILTON's
Worm destroying Lozenges,
Which have, within nine months past, relieved upwards of EIGHTEEN THOUSAND PERSONS of all ages in various complaints arising from worms and from foulness or obstructions in the stomach and bowels.
This medicine bears no analogy whatever to others of similar title so commonly complained of, as operating with a degree of violence, sufficient, not only to kill worms, but sometimes to endanger the patient's life; on the contrary, a peculiar excellence of this remedy is, its being suited to every age and constitution, contains nothing but what is perfectly innocent, and is so mild in its operation, that it cannot injure the most delicate pregnant lady, or the tenderest infant of a week old, should no worms exist in the body; but will, without pain or griping, cleanse the stomach and bowels of whatever is foul or offensive, and thereby prevent the production of worms and many fatal disorders.
☞ At the place of sale may be seen many remarkable cases of cures, the authenticity of which any person may ascertain, either by letter or personal application—not being performed in Europe, nobody knows where—but at home.
Persons wishing to procure any of the above medicines genuine, must apply ONLY as above—and likewise observe, that the signature of Lee & Co. (who are appointed the general agents for the United States) is pasted on the outside of each, without which they cannot be genuine.
At the above place may be likewise had,
GOWLAND's LOTION.
CHURCH's COUGH DROPS,
ANDERSON's PILLS, &c. &c.
Wholesale purchasers allowed a liberal profit by application to Lee & Co. Market street, Baltimore; who will punctually execute all orders.

Foreign Intelligence.

LONDON, October 25.

Some of our public papers speak of a new negociation with Russia, for 20,000 additional auxiliary troops, who in conjunction with the former, are to be sent upon an expedition against Fancee, accompanied by a French prince.

ITALY, October 20.

Admiral Nelson has embarked 1000 men for a secret expedition; and it is said he himself will sail with his fleet to the Genoese coast,

PARIS, October 25.

Buonaparte's baggage waggons, on their way from Frejus, were attacked and robbed of considerable treasure, by 22 armed robbers, who also bore off many important papers.

Berthier, it is said, is appointed minister of war, and Monge minister of the interior.

A ship with 250 French soldiers and 20 officers, belonging to the garrison of Corfu, have been taken by an Algerine corsair, and liberated again.

In Bordeaux and other ports, an embargo has been laid on account of the projected sailing of the Brest combined fleet.

The intelligence from Lyons, that fifty sail of shipping has appeared off Frejus with the remains of the French Egyptain army, is false, as general Buonaparte has concluded a treaty with the Porte relative to the evacuation of Egypt.

LINDAU, October 25.

The united armies of field Marshal Suwarrow and gen. Korsakow, are principally still in our neighbourhood; only several regiments having moved by way of Bregentz towards Rheineck. The Russian headquarters are still here. Provisions in this city and whole neighbourhood are daily becoming scarcer and dearer.

The report of Coire being in possession of the French is unfounded. The army of the archduke is securely stationed in the vicinity of Schaffhausen, without interruption.

VIENNA, October 26.

The exchange of couriers within this fortnight, between Petersburg and Vienna, has been more frequent than ever. It is said that the object is an extraordinary reinforcement of Russian auxiliaries. Besides the Russians already on their march, the court of Petersburgh has determined to send 150,000 men against France, a great part of whom are to commence their march in January next.

Of a corps of 60,000 men heretofore spoken of, 24,000 have already arrived in Gallicia.

The states of Hungary have again determined to send further reinforcements into the field, if necessary.

The Hungarian nobleman Suetics, alone, at his own expence, furnishes 100 rifle-men.

To day's Court Gazette contains a report of Gen. Melas, from Marozzo, of the 14th inst respecting the events near Cuneo. The enemy had the important village Bainette in possession. Gen. Mitrowsky drove him out of it on the 13th, and maintained his position, altho' the enemy made two attempts to dislodge him. The enemy's total lost is 1000 men—ours, 15 killed, 116 wounded, and 44 missing. A whole battolion of the enemy, consisting of 500 men, was cut off, and 450 men, besides 16 officers, were taken prisoners.

HANAU, October 29.

Report says, general Massena has crossed the Rhine in the Grisons, and is making progress but no date is mentioned.

Frequent skirmishes take place before Phillipsburg. The French stormed the outworks of that city three times on the 21st, but were every time repulsed.

At Frankfort, five Jewish houses have stopped payment, and several others followed at Aachen, &c.

The Russian troops on the frontiers of South Prussia, are assembling at Riga, according to the public journals, for a new expedition.

The subscriber proposes also to attend on the land immediately after locating, and shew any section in which he may be employed.

TO THE PUBLIC.

THE time being fixed on, when the MILITARY LAND (commonly called Knox's) WARRANTS, granted to the United States' army, are to be registered and located,—the subscribers have explored that tract of land on which those warrants are to be laid; with a view, and for the purpose of offering their services as locaters.

We take the liberty of suggesting, "that weare at least as well acquainted with the situation, quality of the soil, &c. of the different townships in the aforesaid tract, as any other person:" this will, perhaps, appear more clearly, by observing, that WILLIAM C. SCHENK assisted in running the Indian boundary line; at which time he considerably traversed that tract: he also assisted in surveying and laying it off into townships, and at other times ranged over it, to gain information. But to obtain a more complete and accurate knowledge, we have lately spent between two and three months, with several assistants, in particularly examining the different townships and quarter townships; by which means we have acquired an accurate knowledge of the whole district.—We now offer our services to the public, as Locaters, with assurances that we will locate every persons warrants intrusted to us to the best advantage, agreeably to their rights of location, which is to be determined according to law. For our services we demand the one equal tenth part, either in lands or warrants, when we locate a full tract, of four thousand acres or more, for one person or firm; the land to be taken in a square, at a corner of the tract; which corner is to be equitably determined before the time of location.—The one equal sixth part, in cash or warrants, when we connect and locate any amount less than four thousand acres. We will be in Philadelphia from December next, until after the time of location, to transact this business. Any person wishing to satisfy himself farther, will please to call on us, by letter, (postage paid) or otherwise; when due attention will be paid, and such vouchers may be seen as we have to offer, which we hope will be satisfactory.

MARTIN BAUM,
WILLIAM C. SCHENCK.

JOHN MATHEWS

OFFER their services to the holders of military land warrants, to make the location on the 17th of February next, agreeably to the advertisement of the Secretary of the Treasury of the United States, relative thereto. They will receive a less quantity of warrants than for four thousand acres, and arrange them with others, so as to complete that number (which makes a location or quarter township) and have them registered.—They each surveyed a district of the military tract, and have since explored the interior parts of the townships and sections, and will be able to designate with precision, the preference in the choice of the several locations or quarter townships throughout the whole body of the military lands.—One tenth part of the land will be demanded for making the location, &c. to be taken by lot in such manner that their proportion of a section or quarter township will lie together. For further particulars enquire of the subscriber, at No. 9, south Fifth street, two doors above the Secretary of State's office, where satisfactory general information relative to the army laws may be obtained.

PHILADELPHIA,
SATURDAY EVENING, JANUARY 18.

Potts Grove, January 13.

Yesterday the inhabitants of this village and its vicinity, assembled to add their tribute of love and veneration for the great and good GENERAL WASHINGTON, to that so universally paid by other parts of his admiring country. The morning was ushured in by firing sixteen guns, and one gun was afterwards fired every half hour during the day. About noon a military and masonic procession was formed, which proceeded in the following order to the church, the music playing a solemn dirge—the bell being muffled and minute guns firing during the whole ceremony.

A detachment of Dragoons from captain Beitenman's troop.
Captain Robert's company of Infantry.

Forming the most numerous procession ever assembled in this town—The military marched with reversed arms, their drums muffled and standards and music in mourning. On arriving at the Church, they opened their ranks to the right and left, the whole facing inward, and resting on reversed arms, forming an avenue, through which the Bier and remainder of the procession passed into the Church, where a suitable discourse was delivered by the Rev. Mr. *Armstrong*, from 2 Sam. 3. 38—"Know ye not that there is a Prince and a great man fallen this day in Israel." The Bier was then taken from the Church, and the ceremonies concluded by firing three vollies over it, after which the troops formed, and marched off, their drums unmuffled and colours displayed, the music playing Washington's March, to the place of parade, and were dismissed—Capt. Maclentuck acted as officer of the day.

It would be injustice to the military and to the citizens not to observe that the greatest order prevailed during the whole of the ceremonies. The solemnity of the occasion impressed every mind, and the conduct of each individual displayed the sincere sorrow felt for the loss of the illustrious man to whose memory they were paying the merited honors.

FIRE BUCKETS.

☞ The great inattention shewn by a number of Citizens, by suffering their Fire Buckets to remain for days and sometimes for weeks in the streets and alleys, adjacant to where they have been used at fires, has induced the Mayor to direct the High Constable, at the expiration of four days from the time that a fire shall happen in the City, to have collected and removed to the City Hall, the Fire Buckets which he may find in the Streets after that period. The owner will thereby have an opportunity of recovering their Buckets, which perhaps, otherwise would have been lost by their neglect. A number is now at the City Hall.

COMMUNICATIONS.

A Resolution was laid on the table of the House of Representatives of the United States, on Monday last, by Mr. Macon, for the repeal of the second section of the act, called the *Sedition Law*. It is curious to observe how these fellows fret and worry themselves—this is only the third attempt they have made to repeal this law; the restraint it places on their actions, is like a state of bondage to them; and the long time they have been interdicted from an indulgence in their old pastime of *falsehood* and *lies*, renders their existence almost insupportable. Should this resolution meet with a fate similar to that which befell *Nicholas's Motion*, a death like paleness will stretch itself through every feature of *opposition*.

[*N. Y. Gaz.*

The refusal of Governor M'KEAN, to attend the Funeral Procession at Lancaster (Penn.) in memory of our illustrious WASHINGTON, is truly in character of that dark and sour minded champion of disorganization. From the Federalists it would appear, he expects *attention* and *respect*—but is willing to dispense with it on all occasions from those who voted him in office! The reason is plain: *attention* and *respect* is flattering, only in proportion to the *respectability* of the person from whom it proceeds. —But had this *party* magistrate, possessed one spark of American patriotism, any personal inattention on the part of the committee of arrangement, would not have prevented him from joining in the general sorrow and affliction of the occasion.

CONGRESS.

HOUSE OF REPRESENTATIVES.

FRIDAY, January 17.

Mr. Otis called for the order of the day on the bill to suspend in part an act intituled "An act to augment the army of the United States, and for other purposes," and the House having resolved itself into a committee of the whole on that subject—Mr. Morris in the chair.

Mr. Randolph said, he wished the bill might be referred back to the committee who reported it, for the purpose of introducing an amendment, to consolidate the men already enlisted into as many regiments as they would make, and thereby discharge the supernumerary officers and men contemplated to be kept in service.

After some observations as to the point of order, Mr. Nicholas moved that the committee rise, report progress, and ask leave to sit again.

The question was put and carried; the committee rose and leave was given.

Mr. Gallatin presented a petition said to be signed by 4000 inhabitants of the N. Western Territory, complaining of the unequal operation of the law authorising the sale of public land, and praying for a modification thereof; which was read and referred to the committee appointed to enquire whether any, and if any what alterations are necessary to be made in said law, and to whom similar petitions were referred.

Mr. Otis, from the select committee to whom were referred the petition of Robert Sturgeon, reported a resolution in favor of the petitioner, which was agreed to by the House, and the same committee ordered to prepare and bring in a bill conformable thereto.

Mr. D. Foster, from the committee of claims to whom were referred the petition of Bartholomew Von Haar, reported that the prayer thereof cannot, with propriety, be granted: in which the House concurred.

Mr. Baer presented a petition of Jacob Herman, of the State of Maryland, stating that he had been taken prisoner by the British during the revolutionary war, and carried to Halifax (N. S.) from whence he was prevented returning to this country for three years, and praying compensation—Referred to the committee of claims.

And then the House adjourned 'till Monday morning 11 o'clock.

The schooner Jane, capt. Simeon Toby, from Port Republicain, in 26 days, not able to go to Philadelphia (whither she was bound) on account of the ice in the Delaware.

On the 10th of January in lat. 27, long. 74, spoke the Danish barque Mary and Fanny, capt. Collum, from Copenhagen bound to Boston, out 14 weeks.

Nov. 19th, sailed from Port-au-Prince in the evening, in company with the brig James Stewart and the schr. Polly, with 6 guns, small arms, and men accordingly; but in the night, blowing fresh, lost the convoy, still in company with the James Stewart. Nov. 20 saw the armed schr. to eastward of us; bore away and made sail after her until night closed in. She made signals with the light, but getting no answer, and the wind blowing off the land, hove about and made sail down the bite of Leogane. Nov. 21st, at 6 A. M. saw two barges in shore, appearing to chase us, but came up very little. At 9 the wind died away; jibed and hauled in for the platform; but, before we could get in shore was brought too by two of Rigaud's barges, who boarded us and plundered us of money to the amount of six hundred dollars! took one barrel of pork, one do. beef, two or three barrels of bread, one keg of rice, knives and forks, spoons, 2 gallons of liquors, and one keg of yellow paint, one new deep sea lead line, one hand do. one log reel and line, one hammer, one box of candles, one cheese, three or four empty sacks, one American jack, three bottles shrub, one spy glass; plundered the vessel of new canvass, twine and some cordage; also stabbed one Frenchman, (capt. John Besire of Baltimore) a citizen of the United States, in the breast; tied my arms, and was going to throw me overboard; then hung me up in the main shrouds until I was almost dead; afterwards took me down, and dragged me on the main deck by the rope, and lashed me forward; beat the cook with the butt end of the musket, and took all the cloaths from the seamen and cook; took from me every letter, except one from the American consul, besides six shirts and two coatees, one great coat, one pea jacket, one round jacket, two blankets, two pair sheets, one pair boots, one pair shoes, two hats, two pair of breeches, two pair of stockings, three pair trowsers, two handkerchiefs, one pair silver knee buckles, one pair of silver sleeve buttons, three boxes wine, tinder box and compass.

There being two vessels in sight, they left us and pulled for a schr. which proved to be the Polly; she engaged them, fired about 9 guns, and then the barges made off the same night. I spoke the schooner which I sailed in company with, capt. Burges hoisted out my boat, went on board the Polly, and got supplied with 50 weight of bread, half a barrel beef, some candles, and as many cloaths as they could spare without distressing themselves. Captain Burges, says that both the barges pulled towards him with great courage until they found he had guns, and then they pulled right to windward; but he expected that he hulled the barges with the shot; the wind light and water smooth. Same night that I was plundered, 21st December, spoke the sloop Supply, bound to Port au Prince for Philadelphia, out 16 days, no guns—I told him to take care. I supposed the barges to be in sight; at the same time, from the mast head, 22d at night, the Polly left us; light winds, lay too off the Mole Head. Dec. 23d, at five A. M. hoisted out my boat and landed my French passenger which they had plundered and stabbed in the breast, not able to proceed on the voyage. At 9 the boat returned with two American seamen that had belonged to the U. S. frigate Constitution, discharged at the Mole; hoisted in the boat and made sail, wind S. S. W.

Salem, Jan. 10.

Two American outward bound India ships were left at Madras early in August, names unknown.

There had been no French vessels in the Bay of Bengal since the capture of La Forte frigate, in March last.

Yesterday arrived from Bengal the ship William and Henry, capt. Benjamin Bickford, of this port. Left Calcutta the 12th of July. The ship Martha, More, of Boston, and brig Hannah, Weyman, of Salem, were to sail in 15 days. The frigate La Forte, lately taken by the Sybil, was prepared for sea, to sail in six weeks. Two Philadelphia ships passed capt. B. in the Ganges, going up. Left at the Cape of Good Hope on the 20th Oct. captain Stutson of Boston, destined to Bombay. About ten days ago spoke a sloop from New Haven for St. Bartholomews, and 5 days ago a brig from Portsmouth for Tortola.

British Naval Gallantry.

Capt. Bickford informs us of the following affair which took place while he was at the Cape of Good Hope. The Rattlesnake sloop of war, and a store ship mounting 20 nine pounders, had been sent from the Cape to the Bay of Algoa, with a blockhouse to be erected there to keep the natives under restraint. Intelligence of it having been received at the Isle of France, a 44 gun frigate, carrying a weight of metal apparently sufficient to blow the two ships out of water, together with a smaller vessel, was sent to take them. The frigate appeared in the offing in the afternoon under Danish colours, and at night went in and dropped anchor between the two ships, whose commanders were then on shore. The Rattlesnake, suspicious of her character, dispatched an advice boat for the store ship, but it was stopped by the frigate; on which she saluted her with a broadside, which commenced a very warm action; the store ship was so bored through, that in about an hour she had six feet of water in her hold, and was obliged to cease her fire: the Rattlesnake then supported the action alone, for about two hours, till finally the Frenchman was obliged to cut his cables and run. The next day, however, the frigate was seen again standing in under very short sail, with her consort, with a view, probably, to wipe off the disgrace of her last night's defeat. This intelligence was received over land at the Cape; and the Eloise of 44 guns, and Reasonable of 50, were immediately dispatched to look after the Frenchmen.

Just Published,

A COMPENDIOUS SYSTEM

Of Practical Surveying and dividing of land; briefly comprized under the following heads, viz.

TWENTY THREE Geometrical Definitions, eleven Geometrical Positions, exhibiting to view the properties and dependencies of triangles; followed by problems and examples preparatory to Trigonometry, heights and distances. Then fifteen problems and examples necessarily previous to calculating a Survey succeeded by seven surveys, the area of the four first is found geometrically, and of the whole number by difference of latitude and departure, shewing how to take an inaccessible boundary, find the bearing and distance of the closing line without running it, also the distances to an inaccessible corner from the two adjacent corners, followed by examples of offsets on to winding streams of water, shewing how to ascertain the area without the trouble of measuring the windings with chains and instruments—a crooked water course straitened, and a quantity of land on each side found by these offsets.

Ten examples of dividing land, with many sub-divisions, leading into the most critical circumstances that can occur in practice; an example of Intersections, and an example shewing how the bearings of a field may be truly taken where the needle is attracted, altho' the attraction may vary in quantity and denomination at every station; examples shewing the method of measuring by the chain only. All the rules are clear and explicit. This work contains the tables of difference of latitude and departure and of logarithms.

TERMS

Of Richard Folwell, in Philadelphia,

FOR SUBSCRIBING TO THE

JOURNALS OF CONGRESS,

From the commencement

Of the American War, in 1774, to the present time,

INCLUDING

The Reports of Heads of Departments, of Committees, and other Official and Private Papers of that Body, now first permitted to be made public.

TERMS.

THE work will be printed on a fine paper, and a new neat type, in large octavo.

Each volume will contain above 500 pages neatly bound and lettered.

Uniformity in size, paper, and binding, will be observed throughout the work; so that, while the subscribers become possessed of a valuable record, an ornament may be added to their libraries.

The price to subscribers will be 2 dolls. 75 cts. per volume, in boards, and 3 dolls. whole bound, but, as the publisher does not intend to print many more than the number subscribed for, a considerable rise on the price may be expected to non-subscribers.

Each volume will contain about one third less of letter-press than the original edition; but, as the publisher is not yet enabled to determine the extent of the Private Journals, which he may be allowed to make public, he cannot ascertain the number of volumes which will comprise the work.

☞ *Payments to be made on delivery of each volume.*

Subscribers will have it at their option, either to subscribe for the whole of the Journals, up to the present time, or to those only of the Old Congress prior to the organization of the Federal Government.

IN all countries, the proceedings in the commencement of their governments, are lost in darkness and obscurity, owing to a carelessness, in the succeeding generation, to preserve the public records, and the attention of the nation, in those rude ages, being called off from their domestic concerns to engage in wars and conquest. Of what infinite value would the laws of Alfred be, had they been transmitted to our days? Time, that destroys every thing, enhances the value of well authenticated public records, and renders them almost inestimable. It is hoped, that Americans will, therefore, chearfully contribute their assistance in transmitting to posterity the labours of their ancestors—founders of the Columbian nation.

*** The work will certainly be advanced with expedition and promptitude. The following will show the support it has already acquired:

"*Philadelphia, June 15, 1798.*

"The MEMORIAL of the Subscribers, Citizens, &c. of Philadelphia,

"*Respectfully sheweth,*

"That having, in our respective avocations, frequent occasions to recur to the Journals of Congress, we experience inconvenience by the scarcity of them: That we understand that Richard Folwell, printer, of Philadelphia, has had it in contemplation to print that public record; and that he hath obtained partial countenance from many individuals; but that he has delayed prosecuting the work, in expectation of encouragement from government, that may adequately indemnify him. We, therefore, respectfully solicit, as the publication is necessary to be disseminated among public bodies, that Congress will, in their wisdom render him such additional encouragement, to that which he has obtained from private individuals, as to enable him to proceed with the work, so that your Memorialists may be enabled to purchase copies of that record for themselves.

The Swift-Sure,

A NEW LINE OF STAGES,

NOW RUNNING BETWEEN

PHILADELPHIA & NEW-YORK,

By the short and pleasant road of *Bustleton, Newtown, Scotch-Plains, Springfield and Newark.*

THE excellence of this road, the populousness of the country through which it passes, with sundry other advantages, which render it so far preferable to the Old Road through Bristol, Brunswick, &c. long ago suggested the propriety of its becoming the Grand Thorough-Fare from Philadelphia to New York. During the present year, a minute survey of it has been taken, and its superiority over the Old Road, both in winter and summer, has been clearly ascertained.—There are good bridges over all the other waters but the Delaware, and here the crossing is performed with great safety and in less than half the time required at the Trenton Ferry. The road is *several miles shorter* than the old road, but this is amongst the least of its advantages, because daily experience proves to us, that dispatch as well as comfort in travelling principally depend on the goodness of the road and the levelness of the country, and, in these respects, the New Road is, beyond all comparison, the best. It presents none of those rocky hills, which render the Old Road so fatiguing between the Delaware and Newark. The soil, too, for the greater part, is such as to produce but little mud in winter, and very little dust in summer, which circumstance, added to the beauty of the country, and a considerable proportion of shade, must always render travelling in the latter season peculiarly agreeable.

The Swift Sure starts from PHILADELPHIA, at 6 o'clock every morning (Sundays excepted) from the *GREEN TREE*, opposite the Lutheran Church, North Fourth street. It goes through Frankford to Bustleton, where it stops to Breakfast; from Bustleton it goes through Newtown to Penny-town to dinner; from Penny-town through Hopewell, Millstone, Bound-brook, Quibbletown and Plainfield to Scotch Plains to lodge. The next morning it stops at Springfield to breakfast, from whence it goes through Newark and arrives at New-York at noon.

From NEW-YORK it starts at 3 o'clock in the afternoon (from Paulus Hook) and arrives at Philadelphia the next evening. For seats at New-York, application may be made to Edward Bardin, Old Coffee house, to A. Mathieu, corner of Nassau and John streets, to B. Many, no. 48, Courtlandt, corner of Greenwich street, and to Michael Little, at his hotel, no. 42, Broad street.

Fare for passengers, *Five Dollars.*
Way passengers 6 *Cents per Mile.*

Each passenger is allowed to take on 14lbs. of baggage carriage free; but all other baggage, taken on by a passenger, will be charged at 4 cents per pound weight.

With respect to packages sent on without passengers, the proprietors presume they have adopted a regulation, which, though unknown to other lines of stages, they think must meet with general approbation. They pledge themselves to make good every package on the following conditions. The person who delivers the package at the office shall see it entered in the stage-book, for which entry he shall pay 6 cents; he will then state the value of the package, and pay (exclusive of the carriage) one per cent. on the value, as insurance, and for which he will receive a receipt. Thus, for instance, if he estimates his package at one dollar, he will pay one cent, and if at one hundred dollars, he will pay one dollar insurance, and in like proportion for packages of any other value.

Very few persons it is presumed, will dislike this regulation; it will however, be optionable with every one to avail himself of this security or not. But the proprietors think it right to state very explicitly, that they will be responsible for the safe delivery of no package, which is not regularly entered, and for which an insurance receipt cannot be produced.

In the distribution of the route, the greatest care has been taken to fix on such places and taverns as always afford a good accommodation and entertainment for the passengers at the most reasonable rates. The stages are well equipped furnished with fleet and steady horses, and committed to the care of intelligent sober and obliging drivers. The proprietors themselves live at the different towns and villages where the stages will stop, so that the conduct of the persons they employ is continually an object of their attention.—They take care also to see that the passengers are well provided for and politely treated at the taverns, and that no sort of chicanery or insolence is practised upon them; in short, they have spared neither pains nor expence to render the SWIFT-SURE the very best line of stages in America.

The line has now run nearly a month, during which time a great number of gentlemen have gone through, both from Philadelphia and New-York. Every passenger has found the road to surpass very far all that has been said of its excellence; and the Proprietors of the Swift Sure are extremely happy to hear the behaviour of their drivers, and the treatment at Taverns spoken of with the highest satisfaction.
